Emergency Procedure - Sign Out of Prescription Medications

Parents/Guardians,

You may come to your child’s school on Thursday, March 19th from 11-2 to pick up prescription medications including emergency meds such as inhalers and insulin. This will NOT include over-the-counter medications. The school nurse will be present during this time to return the meds. This will be done at the main entrance of the school.

Only contacts listed in our computer system will be allowed to pick up the medications. You will be asked to count the medication with the nurse and sign it out per our regular procedure.
