Colquitt County Shakes It Up in School Nutrition

Moultrie, Georgia – December 5, 2016 - Colquitt County School Nutrition is joining the Georgia Department of Education's new state-wide initiative to Shake It Up in School Nutrition. The initiative was created to enhance the flavor and improve the perception of school meals by focusing on three key areas; tasty meals, friendly cafeterias and happy schools.

Colquitt County School Cafeterias are Shaking It Up with tasty meals by; conducting student taste tests, including Georgia grown and/or farm to school food items on the menu, offering a variety of colors of fruits and vegetables, and serving delicious attractive meals every day. Seasoning stations will be made available to students at Williams Middle School, CA Gray Jr. High School, with one already in place at Colquitt County High School.

Colquitt County School Nutrition is also Shaking It Up with friendly cafeterias by; decorating the cafeteria and/or serving lines in an inviting manner, providing nutrition education tours for students per teacher requests, and participating in classroom activities focused on nutrition.

Colquitt County is creating happy schools by; listening and incorporating customer feedback, encouraging students to make choices, and fostering a positive environment.

We invite you to join us for breakfast and/or lunch at the school of your choice, visitors are always welcome. Breakfast meals cost \$1.75 and lunch meals cost \$3.25 for *visitors and adults*. Contact the school cafeteria for serving times.
