School District to offer Camp Invention

MOULTRIE, GEORGIA – March 9, 2022 – An exciting opportunity for rising kindergarten through 6th-grade students is coming to Moultrie this summer. In partnership with the National Inventors Hall of Fame®, Colquitt County School District (CCSD) will offer the nationally acclaimed Camp Invention June 13 to June 17 at Colquitt County High School (CCHS). The weeklong camp provides children the opportunity to explore science, technology, engineering, and more in various activities each day.

The young inventors, as the camp calls participants, will get to:

- Dive into cutting-edge ocean research as they adopt their robotic fish, design and patent aquatic plants, and take their fish friend home in a mini tank.
- Discover real space exploration technology when they create Spacepacks and AstroArm devices, mine an asteroid, and observe erupting ice volcanoes.
- Combine science and art to build their own robotic artist, engage in design thinking, make spin art and learn how inventions can change the way people create.
- Experiment with the fun of physics, engineering, and gaming as they design, build, and test their own mega marble arcades.

Camp Invention will be June 13 to June 17, 9:00 am to 3:30 pm, and the cost is \$245 per child. Registration is open, and availability is limited. For an additional \$80, camp participants can stay for an extended day experience that begins at 7:30 am and ends at 5:30 pm. Visit [invent.org/mylocalcamp](https://www.invent.org/mylocalcamp) or call 800-968-4332 to secure your child's spot today!

There is also an exciting opportunity for older children to earn community service hours and experience as camp leaders. Rising 7th through 9th-grade students can be Leadership Interns at Camp Invention. Rising 10th through 12th-grade students can be Leadership Students. Students interested in the leadership opportunity will still need to register. This is an excellent addition to college applications, opportunity to complete community service project hours, and experience the camp in a leadership role.
